HEAR FROM WHAT FORMER STUDENT SAID

I have been studying in Le Plan Edu for 3 years already and I love the lessons with my tutor. The classes are really interesting and I couldn't imagine how I can learn a language in such inspiring way. The teacher helps me a lot to improve my oral and writing skill while encouraging me to learn French by interest and passion. I achieved A* in French at IGCSE since I have started learning with them, thank you!
